

Apple Help for Seniors iPhone & iPad Classes

IT 4 Retirees provides iPhone & iPad training tailored specifically for mature-aged clients. Our Apple iPad &/or iPhone courses step you through the basics so you can use them with confidence!

- 8 x 1-hour lessons of hands-on learning from patient and caring trainers
- One topic covered each week including basic navigation, photos, adding names & addresses, emails, searching the internet, apps, FaceTime and iCloud
- Jargon-free explanations
- Small groups so everyone gets the support they need

Our trainers have police clearances and will deliver help in a straight-forward, non-intimidating way. Learn tips & tricks that will help you enjoy using your device.
