

Free school holiday activity By The Seaside, October 11

A school holiday event that celebrates South Australia's marine environment through storytelling, art and craft and exploration is being held next week at Hallett Cove.

By The Seaside is a free event being held at Heron Way Reserve on Tuesday, October 11, 9 am to 12.30 pm, with the support of the City of Marion, Green Adelaide and Adopt a Spot.

This event is designed to encourage families to enjoy a day at the seaside while discovering how to care for our coast and marine environments.

The program covers the following activities:

- 9am: Children's drop in activities. Make a jellyfish, colour in a reef life chatterbox.
- 9:30am: Storytelling with local author and artist 'Aqua-Clare's Ocean Adventures'. Discover SA's unique marine life.
- 10am: Beach detectives. A beach ramble discovering the creatures, plants and other treasures that wash up on the shoreline and live on the reef.
- 10am: Beach Clean Up with Adopt a Spot. Join local volunteers cleaning up our beaches and waterways.

Attendees are asked to bring their own 'low waste' snacks, drinks and picnic rug and to [register](#) in case event details change.

The Boatshed Cafe is located nearby and there is a playground and public toilets.

For more information about other school holiday activities in the City of Marion head to our [website guide](#).
