Questions with Notice

Rajah Reserve Community Project
Report Reference: GC270218Q01

QUESTION:

1. The Rajah Reserve Community project has been running for around 10 years.

2. Including an estimate of staff wages, materials, vehicles etc. what is the total amount invested in this project by the City of Marion.

3. Please provide details of the amounts invested by third parties.

4. Please could I have a list of similar projects within the City of Marion.

5. What programs for socially isolated residents are currently available and accessible by public transport in/from the Coastal Ward

COMMENTS: Liz Byrne, Manager Community & Cultural Services

1. The Rajah Reserve community project was identified as a Community Capacity Building (CCB) Pilot Project 2 in April 2005 (GC110406R04). The Rajah Reserve project was approved to proceed subject to funding being approved in the 2006/2007 budget process.

   The area in the vicinity near Rajah Reserve was identified as a CCB project after discussions with both the South Australian Housing Trust and the SA Police. The interagency approach was proposed working with the community around community safety.

   The Socio-Economic Indexes for Areas (SEIFA) ranks areas in Australia according to socio-economic advantage and disadvantage. The index is derived from attributes that reflect disadvantage such as low income, low educational attainment, high unemployment and jobs in relatively unskilled occupations.
Residents in the Oaklands Park area have a SEIFA rating of 912.6 with a percentile rating of 14. This means that only 14% of Australian suburbs are more disadvantaged than Oaklands Park.

2. A total of $154,651 (exclusive of staff wages) has been spent on the Rajah Reserve community project since July 2005.

The staffing component is estimated at $439,902. This is based on a 0.5 FTE at Level 4 at 2017 wages.

3. Investment to the Rajah Reserve community project from third parties include:
   - Roger Rasheed Sports Foundation (RRSF)
   - Kingdom Life, initially Marion Vineyard
   - Family by Family (a T ASCI initiative – The Australian Centre for Social Innovation)
   - Housing SA (Department of Communities & Social Inclusion)

The RRSF has invested a total of $172,500, which includes improvements to the reserve and 3-year co-contribution to the sports program conducted at the reserve.

The financial investment from the other third parties is not known to Council.

4. The following have been identified as community capacity building projects across the City of Marion and include:
   - Marion (Marion Historic Village)
   - Oaklands Park (Rajah Street Reserve)
   - Glandore (Glandore Environment Group, formally Sustainability Street)
   - Trott Park
   - Plympton Park/Park Holme
   - Drew Court

Other community capacity building activities occur:
   - in our neighbourhood centres
   - community grants
   - youth development grants and partnerships
   - support for our ageing population

5. The SEIFA index for the Coastal ward does not indicate a strong need for specific programs for socially isolated residents. However many and various programs are run from both the Cove Civic Centre and Trott Park Neighbourhood Centre that create social connections for residents who are located in southern Marion.
