Neighbourhood Centre Zone

Refer to the Map Reference Tables for a list of the maps that relate to this zone.

OBJECTIVES

1. A centre providing a range of facilities to meet the shopping, community, business, and recreational needs of the surrounding neighbourhood.

2. A centre that provides the main focus of business and community life outside a district centre, and provides for the more frequent and regularly recurring needs of a community.

3. A centre accommodating residential development above non-residential development.

4. Development that contributes to the desired character of the zone.

DESIRED CHARACTER

This zone will provide a range of services and facilities to cater for the daily and weekly needs of the surrounding population.

The development of neighbourhood centres that will be comprised of the following key elements:

- multi-storey construction
- street level uses that consist primarily of retail, service or office
- zero setback and active frontages to primary streets
- upper floor uses that may include offices but are generally residential
- shared parking and the location of on-site parking behind buildings
- wide footpaths, street furniture and awnings that create a pedestrian-friendly environment
- public / communal spaces for community interaction.

New development will have limited setbacks from arterial or secondary arterial road property boundaries and provide a continuous built-edge to the street with unifying features such as verandas and similar façade treatments. Buildings will incorporate verandas along the street frontage for pedestrian comfort.

Car parking areas will be provided to the rear of buildings with access from the side streets. Densely planted landscape buffers will be provided along the interface of the centre and adjoining zones.

Residential development in the form of two to four storey residential flat buildings or dwellings above consulting rooms, offices, shops and community uses are envisaged within the zone.

The Marion Hotel site in the Marion/Mitchell Park Neighbourhood Centre could be developed up to 6 storeys in height, but should incorporate transitional built form to respect lower scale residential development to the east. New development will maintain and enhance the mature vegetation on the land.

Buildings on Chambers Street should be developed between 2 to 3 storeys in height to enhance the interface with the Park Holme Shopping Centre to the north.

PRINCIPLES OF DEVELOPMENT CONTROL

Land Use

1. The following forms of development are envisaged in the zone:

   - bank
   - child care facility
   - consulting room
   - dwelling sited above a non-residential land use
   - library
- health centre
- hotel
- office
- petrol filling station
- place of worship
- playing field
- pre-school
- primary school
- recreation area
- restaurant
- shop
- supermarket
- tourist accommodation.

2 Development listed as non-complying is generally inappropriate.

3 Residential development and development comprising a variety of residential and non-residential uses may be undertaken provided such development does not prejudice the operation of existing or future non-residential activity within the zone.

**Form and Character**

4 Development should not be undertaken unless it is consistent with the desired character for the zone.

5 Dwellings should be located only above non-residential uses on the same allotment.

6 The maximum gross leasable retail floor areas in the following centres should generally be in the order of the amounts shown in the table below:

<table>
<thead>
<tr>
<th>Location of Neighbourhood Centre</th>
<th>Area (square metres)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marion Road - Ascot Park</td>
<td>2000</td>
</tr>
<tr>
<td>Marion Road - Marion/Mitchell Park</td>
<td>2500</td>
</tr>
<tr>
<td>Marion Road - Park Holme</td>
<td>7000</td>
</tr>
<tr>
<td>Marion Road - South Plympton</td>
<td>1200</td>
</tr>
<tr>
<td>South Road - Clovelly Park</td>
<td>2000</td>
</tr>
</tbody>
</table>

7 Development of the following respective centres should be carried out in accordance with the concepts shown on:

(a) [Concept Plan Map Mar/1 - Clovelly Park Centre and Commercial](#)
(b) [Concept Plan Map Mar/3 - Marion/Mitchell Park Neighbourhood Centre](#)
(c) [Concept Plan Map Mar/4 - Park Holme Neighbourhood Centre](#)

8 Buildings should be a minimum of two storeys and maximum of four storeys in height, except where otherwise identified on the relevant Concept Plans.

9 To minimise building massing at the interface with residential development outside of the zone, buildings should be constructed within a building envelope provided by a 45 degree plane, measured from a height of 3 metres above natural ground level at the allotment boundary of a residential allotment within a residential zone (except where this boundary is a southern boundary or the Primary Road Corridor), as illustrated in Figure 1:
10 To minimise overshadowing of sensitive development outside of the zone, buildings should be constructed within a building envelope provided by a 30 degree plane grading north, measured from a height of 3 metres above natural ground level at the southern zone boundary (Figure 2).

11 Residential development should include a diversity of housing types and densities while not detracting from the primary function of the centre.
Vehicle Parking

12 Vehicle parking should be provided in accordance with the rates set out in Table Mar/2 - Off Street Vehicle Parking Requirements or Table Mar/2A - Off Street Vehicle Parking Requirements for Designated Areas (whichever applies).

Land Division

13 Land division in the zone is appropriate provided new allotments are of a size and configuration to ensure the objectives of the zone can be achieved.

PROCEDURAL MATTERS

Complying Development

Complying developments are prescribed in schedule 4 of the Development Regulations 2008.

In addition, the following forms of development (except where the development is non-complying) are complying:

A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:

(a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses

(b) the building is not a State heritage place

(c) it will not involve any alterations or additions to the external appearance of a local heritage place as viewed from a public road or public space

(d) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, it achieves either (i) or (ii):

   (i) all of the following:

      (A) areas used for the storage and collection of refuse are sited at least 10 metres from any Residential Zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop)

      (B) if the shop involves the heating and cooking of foodstuffs in a commercial kitchen and is within 30 metres of any Residential Zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions

   (ii) the development is the same or substantially the same as a development, which has previously been granted development approval under the Development Act 1993 or any subsequent Act and Regulations, and the development is to be undertaken and operated in accordance with the conditions attached to the previously approved development

(e) if the change in use is for a shop with a gross leasable floor area greater than 250 square metres and has direct frontage to an arterial road, it achieves either (i) or (ii):

   (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road

   (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared
(f) off-street vehicular parking is provided in accordance with the rate(s) specified in *Table Mar/2 - Off Street Vehicle Parking Requirements* or the desired minimum rate in *Table Mar/2A - Off Street Vehicle Parking Requirements for Designated Areas* (whichever table applies) to the nearest whole number, except in any one or more of the following circumstances:

(i) the building is a local heritage place

(ii) the development is the same or substantially the same as a development, which has previously been granted development approval under the *Development Act 1993* or any subsequent Act and Regulations, and the number and location of parking spaces is the same or substantially the same as that which was previously approved

(iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.

### Non-complying Development

Development (including building work, a change in the use of land, or division of an allotment) for the following is non-complying:

<table>
<thead>
<tr>

<th>Exceptions</th>
</tr>
</thead>
</table>
| Advertisement and/or advertising hoarding | Except where the advertisement and/or advertising hoarding achieves any one of the following:  
(a) it is attached to a building or structure where the height of the advertisement does not exceed the height of the roof of the walls or parapet of the building or structure by more than 2 metres  
(b) it is freestanding and has a height not exceeding 8 metres  
(c) it is located on a side or rear wall facing and not within 50 metres of an abutting residential zone. |
| Dwelling | Except where both the following apply:  
(a) the dwelling is located on the southern side of Chambers Street in Park Holme Neighbourhood Centre Zone  
(b) the dwelling is in conjunction with a non-residential development and is sited above the non-residential development on the same allotment. |
| Fuel depot | |
| Horticulture | |
| Industry | |
| Major public service depot | |
| Motor repair station | |
| Prescribed mining operation | |
| Residential flat building | Except where one of the following apply:  
(a) the residential flat building is located on the southern side of Chambers Street in Park Holme Neighbourhood Centre Zone  
(b) the residential flat building is in conjunction with a non-residential development and is sited above the non-residential development on the same allotment. |
