

1. RATIONALE

Council's principal role is to act as an informed and responsible decision maker and represents the interests of its community through open and transparent decisions.

Members of the community have a role to play by informing Council of their needs, concerns and/or providing information that may assist or influence Council decision making. One of the ways in which members of the community can advise Council of their concerns and influence the decision making process, is to take up a Petition.

Petitions provide a democratic mechanism for the community to make requests of, and provide information to, Council.

2. POLICY STATEMENT

Council accepts Petitions from members of the community who have a direct interest in the City of Marion, such as residents, ratepayers, and local businesses.

Petitions must relate to matters that Council is authorised to determine and be submitted in writing to Council in accordance with the principles set out in Regulation 10 of the *Local Government (Procedures at Meetings) Regulations 2013* and the requirements of this Policy.

3. OBJECTIVES

The primary objective of this Policy is to set out how Council receives and manages Petitions.

If the provisions of Section 90(3)(a) of the *Local Government Act 1999* apply, the Petition will be considered on a confidential basis.

Where further investigation is required on issues raised in a petition, the petition will be provided to the next meeting of Council from receipt of the petition to note the petition and a report providing further detail will be provided to Council once investigations have been completed. Community consultation may be undertaken following receipt of a petition if deemed necessary in order for Council to make an informed decision.

A petition that is brought to a General Council Meeting is tabled and noted at that meeting and then brought back and considered at the subsequent General Council Meeting - refer Council's Code of Practice – Procedures at Meetings.
