

1. RATIONALE

This policy sets out how the City of Marion provides for accessible and safe play environments that contribute to physical, mental, emotional and social development.

2. POLICY STATEMENT

Play is a fundamental and vital part of physical, mental, emotional and social development and a primary element through which life skills are learned. As a provider of public places dedicated to play, the City of Marion has an integral role in ensuring accessible and safe environments are provided to support developmental needs and community wellbeing.

In this context the City of Marion owns and maintains approximately 100 playgrounds that include elements for a range of play experiences (including play equipment, nature play, informal sporting facilities, fitness equipment) and associated amenities (including seating, shelters, barbecues, fencing, toilets, pathways).

The City of Marion considers that across the City one playground per 1,000 people is ample provision of playgrounds.

This policy will be supported by operational systems and processes to ensure efficient delivery and long term sustainability of playground provision and management across the City.

This Policy is a component of a Playground Framework comprising:

1. Policy (including hierarchy)
2. Service Levels
3. Prioritised Works List
4. Project Methodology

The Playground Framework program will be supported by operational systems and processes to ensure the efficient delivery for capital, renewal and maintenance works.

3. OBJECTIVES

The City of Marion will be recognised for its equitable and sustainable provision and management of accessible, diverse, creative, innovative, safe, high quality and fun playgrounds that contribute to developmental needs and are places that encourage community interaction, understanding and wellbeing.

4. PRINCIPLES

The following principles will guide the City of Marion's planning, development and management of playgrounds:

Accessible & Diverse

- Playgrounds and associated facilities and amenities will cater for a range of abilities and needs
- Playground designs will be stimulating and fun to enable play environments within each community
- Playgrounds will be provided within walking distance (approximately 500m or averaging provision of one playground per 1,000 residents), where possible, of every residence, taking pedestrian barriers into account.
- The location and design complexity of playgrounds that are located in the open space network will be guided by the Open Space Hierarchy for the City of Marion

Creative, Innovative & Fun

- Playgrounds will be designed to provide a high play value, incorporating:
 - Challenging and fun physical play
 - Stimulating cognitive play
 - Free and creative play
 - Opportunities for social and interactive play
 - Integrated associated facilities (such as seating, pathways, shelters)
- Playgrounds will be designed to encourage child development through the four types of play, which are:
 - Individual or quiet play
 - Social play
 - Active play
 - Cognitive and creative play

Safe & Sustainable

User safety will be a high priority in the location, design and management of playgrounds which is undertaken in line with the Australian Standards: but we accept that taking calculated and graduated risks at play is essential for good physical and mental development

Playground equipment will be renewed at the end of its useful life (approximately 20-25 years)

Community Engagement

- The community will have opportunities to comment on proposed playgrounds and their views will be considered.

5. POLICY SCOPE

The scope of this policy pertains to all publicly accessible playgrounds on land owned and under the care, control and management of the City of Marion.

6. IMPLEMENTATION

A Standardised Palette approach will be utilised to guide the design of local and neighbourhood hierarchy playgrounds. Regional and City Wide Destination playgrounds will be designed as high quality destinations responsive to Council and resident needs and can utilise equipment outside of the palette as required.

7. SERVICE LEVELS

Council has set out appropriate service levels in the document Playground Framework: Service Levels which guide the implementation of this policy.

8. HIERARCHY

The Playground hierarchy describes the level of playgrounds and types of facilities that may exist within the playground and include definitions and user catchment distances for hierarchies. These are to be used as a ***guide*** in the provision of playground planning and may be subject to other considerations as they arise such as topography, major barriers including major roads, drains and rail lines.

As a guide, playgrounds will be provided within approximately 500m walking distance to dwellings and work places or will average provision of one playground per 1,000 residents.

Local Level

Categories	Description
Purpose	Local Level playgrounds primarily cater for people living and working within walking distance. These spaces are less developed with limited play equipment. They provide environmental value through urban heat mitigation, contributing to biodiversity, and improving air quality.
User Catchment	Distributed within approximately 500m walking distance to dwellings and work places.
Types of facilities	May include: Minimal park furniture and amenities, including at least one seat, Pathways for accessibility, Minimal formal play equipment and/or nature play design with limited irrigated grass, provision of adequate shade through plantings, water sensitive urban design landscaping.

Neighbourhood Level

Categories	Description
Purpose	Neighbourhood Level playgrounds will be of a higher quality with a diversity of character in good locations that cater for one or more suburbs. Due to the broader scale of facilities people can use these playgrounds for extended periods of time. They provide similar environmental value as Local Level playgrounds.
User Catchment	Distributed within approximately 750m distance to dwellings and work places. Serves surrounding suburbs and is generally within walking or cycling distance, but some may drive.
Types of facilities	Sporting and recreation facilities for unstructured sport, park furniture and amenities including at least one seat, pathways for accessibility, diverse opportunities for play for a range of ages, shelter and natural shade with consideration of shade over playground equipment, water sensitive urban design landscaping, limited irrigated grass.

Regional Level

Categories	Description
Purpose	Regional Level playgrounds are large, high quality destinations that have broad appeal and attract visitors and local community members alike. They offer unique play and recreation opportunities and offer environmental benefits through the enhancement of natural landscapes.
User catchment	Distributed within approximately 1.5km distance to dwellings and work places. Large catchment serving residents citywide and regionally. These open spaces can be used for long periods of time.
Types of facilities	Sporting and recreation facilities for unstructured sport, diverse opportunities for play for a range of ages, playgrounds that are unique and complex for a range of ages and abilities, park furniture and amenities including public toilets and seating, Shade and shelter with consideration of shade over playground equipment, pathways for accessibility, water sensitive urban design landscaping, irrigated grass, public art, off-road car parking

City Wide Attraction

Categories	Description
Purpose	A space that attracts city wide visitors and tourists. The space will offer a unique play and recreation opportunity that celebrates the City of Marion sense of place in addition to offering environmental benefits through the enhancement of natural landscapes. A City Wide Attraction will be aligned to a placemaking opportunity facilitating economic development, community capacity building and stewardship.
User catchment	Large catchment serving residents city wide and state wide tourists. A City Wide Attraction will cater for a diversity of users from passive recreation, family picnics, and community group gatherings to larger events.
Types of facilities	A City Wide Attraction is likely to include play equipment of various forms inclusive of custom iconic play pieces, nature play, experiential features, toilets, car parking, lighting and amenities such as picnic tables and shelters, shade structures with consideration of shade over playground equipment, BBQ's and public art. A City Wide Attraction would cater for all ages and abilities, providing amenities to enable long stays.

9. DEFINITIONS

Playground: 'Playground' refers to a space that can be utilised for the purposes of formal, informal, active and passive play as well as the provision of any associated facilities and amenities.

Play Value: 'Play Value' is the extent to which a child's physical, mental, emotional and social developmental needs are met through the provision of a 'playground'.

Nature Play: 'Nature Play' provides opportunities for unstructured, open ended and self-directed play, allowing for freedom to roam seeking adventure and exploration which inspires creativity and imagination inspired by nature.

Open Space Hierarchy: The hierarchy categorises open spaces from local to state levels to indicate user catchments, guide equitable distribution, and standards for the provision of facilities such as playgrounds, picnic amenities, pathways, public toilets.
